

Pioneering children's
travel gear!

Trunki Product Catalogue

Our story

Travelling should always be an exciting and educational experience for kids. It should be about making memories and having fun, not the tears and tantrums so often suffered by families on the go.

Our mission is to be recognised as the most successful creator of really useful, high quality, Children's Travel Products that facilitate the perfect journey. Our range is desirable yet affordable, leaning to the middle and upper tiers of the market.

Rob Law MBE, Founder

We're Trunki and we make fun, innovative travel gear for families on the go!

We believe travel is about new experiences, creating memories and making every journey just as enjoyable as the destination.

We understand that whilst parents buy products, children make friends with them, so everything we create has the functionality that grown-ups value, and the personality that kids adore.
