Electric breast pump

- **Lab Tested** - significantly quieter than the leading breast pump available
- **USB Rechargeable** - powered by a USB rechargeable power unit so mums can power up and use whenever and wherever they want in or out of home
- **Gentle on breasts** - soft, cushioned silicone cup that's gentle on sore breasts
- **Long lasting power** - full charge gives you over 60 minutes of power to pump on the go
- **Massage & Express modes** - Choose from 5 massage and 9 express settings to stimulate milk flow and express breast milk in a way that's comfortable for you

Manual breast pump

- **Specially shaped to fit women's hands** - the narrow neck and curved handle are specially shaped to fit women's hands, meaning less power is required to use your pump which reduces the strain on your hand
- **Super quiet, compact and discreet** - express yourself how and where you choose
- **Gentle on breasts** - super soft, cushioned silicone cup that's gentle on sore breasts
- **Quick to assemble** - no tubes or cords, ideal for travel
- **Easy to use** - get comfy, put the super soft silicone cup onto your breast and gently squeeze the handle to start pumping

Introducing our NEW
Made For Me daily absorbent
breast pads - designed to fit you

- ✓ ABSORBENCY
- ✓ LEAK PREVENTION
- ✓ FIT
- ✓ BRA ADHESION

Unique shape

No more round discs sticking out of your bra making you feel self-conscious, our breast pads are contoured to fit your bra. Custom sizes to fit you and your bra

Perfect fit

Available in small, medium and large sizes to fit you and your bra

Performs better than the leading disposable breast pad*

Our breast pads provide better combined performance on absorbency, fit, leak prevention and adhesion to your bra than the leading brands

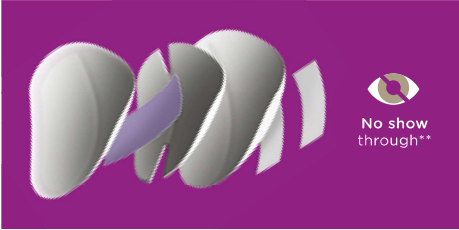

* Internal testing against three competitors demonstrated better combined performance of our breast pads on absorbency, fit, leak prevention and adhesion to bra.

Leak-free guarantee**

Choose the size that's right for you and we guarantee you won't need to worry about leaks. The soft, moisture-proof lining stays dry and sits comfortably against your breast

** Provided you have followed our size, range (daily or super-absorbent) guidelines, place pad in bra correctly, and you have changed your breast pad after each feed and/or at least once every six hours (whichever comes first).

Multiple layers and no show through

The 5 super absorbent layers keep you comfortable feed after feed. As our pads are shaped to fit your bra you can wear what you want with confidence

Stay put for longer

Our breast pads feature a patch of super-adhesive tape to secure the breast pad to your bra to keep everything in place

Silicone breast pump

- **Gentle on mum** - gentle suction pump helps draw milk from breasts
- **100% food grade silicone** - BPA, PVC and phthalate-free safe for mum and baby
- **Completely silent** - breast pump that's small and discreet enough to use anywhere
- **Hands free** - use as a let-down aid, collect your precious milk whilst nursing your baby on the opposite breast
- **Simple and compact** - one-piece cord free design

42301641

Nipple Shields

- Works like a second skin, protects sore and cracked nipples
- Skin-friendly air holes
- Silicone gently curves and stretches with the movement of the nipple
- Ensures skin contact with baby when breastfeeding
- Complete with container for sterilising in the microwave and hygienic storage

423596

Nipple Cream 40ml

- **Long lasting protection** - locks in moisture to help keep nipples soft and supple, making mum feel comfortable throughout her breastfeeding experience
- **Just 3 natural ingredients** - made from avocado oil, beeswax and shea butter, this food safe formulation is safe for mum and baby
- **Hypoallergenic**, no parabens, petroleum, lanolin or preservatives

42302241

Breast Milk Storage Bags x36

- 36 x pre-sterilised stand up bags
- Holds up to 12floc/350ml of breast milk
- Stand up bags for easy milk transfer
- Double fastened to prevent leaking
- Name, date & volume panel for easy labelling

42301041

Breast Milk Storage Pots x4

- 60ml capacity per pot
- Express directly into the storage pot
- Suitable for fridge and freezer
- Dishwasher, microwave and steriliser safe
- BPA-free

423597

Pregnancy & Breastfeeding Pillow

- Whole body comfort and support when sleeping during pregnancy or when feeding
- Helps mums to be find a comfortable sleeping position during pregnancy
- Extra large, soft and flexible pillow to cushion your whole body
- High density filling offers right level of support
- 100% cotton machine washable cover

OUR UNIQUE FEEDING BOTTLES *closer to nature*®

0% BPA

Available in a wide
range of sizes, colours
& decorations

Recommended by 97% of mothers*

Patented ripples inside the teat
allow it to flex & stretch in the
same way as the breast

Ultra sensitive patented Anti Colic
valve reduces risk of air ingestion

Smooth silicone teat
feels closer to skin

Super wide teat with breast like
shape allows for a natural latch -
acceptance guaranteed**

Ergonomic bottle shape
for greater comfort and
closeness with baby

*shaped like a breast,
feels like a breast,
because babies prefer it that way*

*In a 2012 on-line survey of more than 500 mums who used Closer to Nature® bottles, 97% agreed.

** 92% of more than 1200 parents who used our teat with their child recalled that they accepted it within the first 3 attempts.

advanced anti colic OUR UNIQUE FEEDING BOTTLES

0% BPA

Available in a wide range of sizes, colours & decorations

80% less colic*

Patented ripples inside the teat allow it to flex & stretch in the same way as the breast

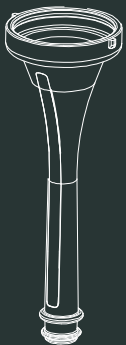

Smooth silicone teat feels closer to skin

Super wide teat with breast like shape allows for a natural latch - acceptance guaranteed**

Multi vent wheel maximises ventilation & prevents vacuum build up

Venting tube has a heat sensing strip that turns pink when baby's feed is too hot

I prevent air mixing with the milk as air is drawn through the vent wheel, down the venting tube and out of the star valve into the base of the bottle

Silicone star vent reduces the risk of leaks

proven to reduce
colic symptoms
less wind, reflux & fussing

* of the 210 mums and dads who used the product 80% said that the bottle reduced colic symptoms

** 92% of more than 1200 parents who used our teat with their child recalled that they accepted it within the first 3 attempts.

New night feed features

SIMPLE STEPS TO PREPARE A FEED

Step 1

Select feed size from 4fl oz to 11fl oz, add your formula and place bottle on the stand

Step 2

Press once to dispense hot water. 70oc Hot Shot kills bacteria that may be present in formula

Step 3

Add lid to bottle and shake well. Place your bottle back on the stand and press again to dispense the remaining water

Step 4

Time to enjoy. It really is that easy... now get yourself back off to bed!

Comforting

PREMIUM SOOTHERS

0% BPA

NEW Advanced Sensitive Soother

Our first soother specially designed to avoid contact with baby's sensitive skin and prevent the risk of irritation, rashes and sore spots around baby's nose and mouth. Unlike traditional soothers where, over time, baby's saliva can build up beneath the shield leading to irritated skin and discomfort for baby, our Advanced Sensitive Soother is specially shaped to curve away from baby's face.

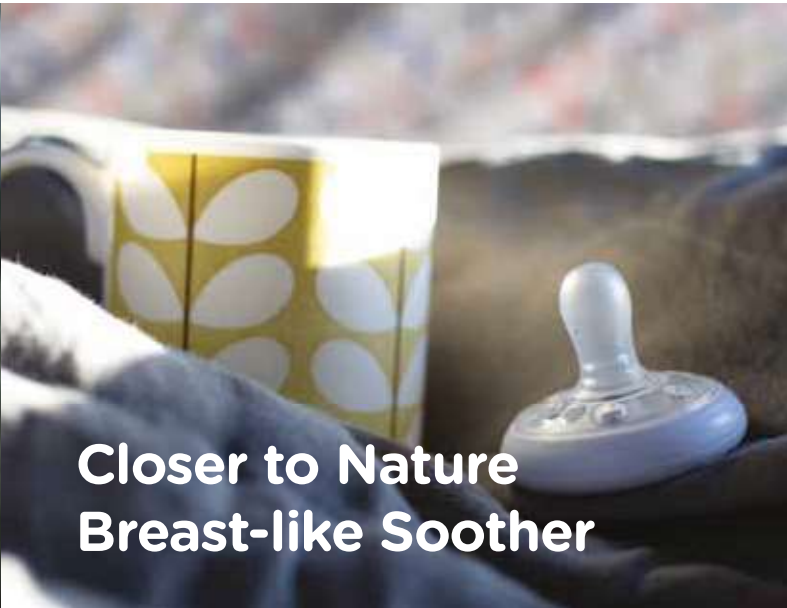

- **90% less skin contact than other soothers** – unique design minimises contact with baby's sensitive skin
- **Curves away from baby's face** – to improve airflow and reduce moisture build up
- **Acceptance guaranteed** – shaped like our Closer to Nature bottle teat which 92% of babies accept within the first 3 feeds*
- **Anti static** – to repel dust
- **Freezer friendly** – can help relieve teething troubles
- **Easy clean** – Steriliser and dishwasher
- **Medical grade silicone, BPA and BPS free** – safe for baby

Ultra Light Soother

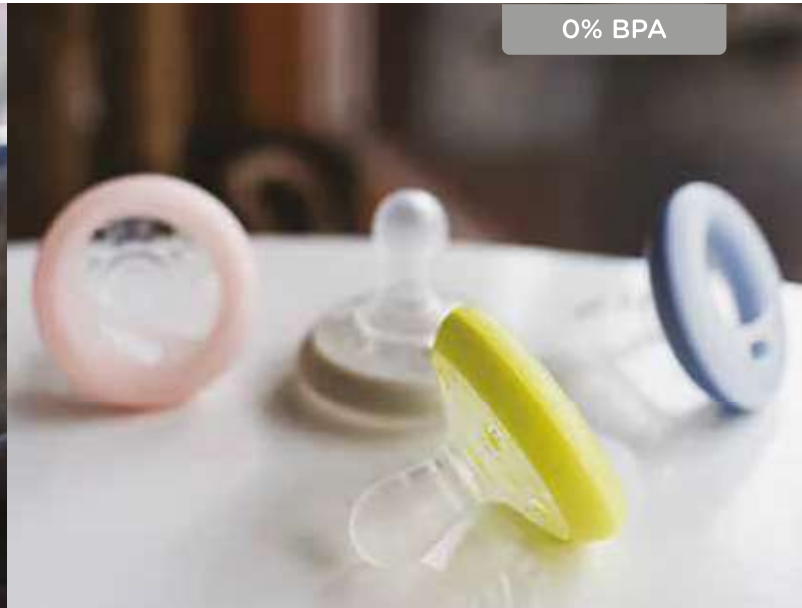

Little mouths don't always hold onto heavy soothers. And if you've ever had to calm a tired baby, you'll appreciate a soother that stays put where it's placed. This ultra-light soother is light enough to stay put in the littlest mouths, so it helps babies stay soothed for longer. Our lightest soother ever helps solve the problem of keeping baby calmer and happier for longer.

- **Ultra-light** – silicone soother stays put in baby's mouth longer so you don't have to replace it every few minutes
- **Calm and happy** – because it doesn't fall out of baby's mouth, this ultra-light soother helps keep baby calmer and happier for longer
- **Made from super soft 100% food-grade silicone** – safe for baby, silky smooth soft silicone gives this soother a skin-like feel and texture so it feels familiar in baby's mouth
- **Acceptance guaranteed** – shaped, moves and flexes like our award-winning breast-like teats so baby is likely to accept this soother first time
- **Anti-static** – keeps dust away, to reassure parents about hygiene
- **One piece silicone soother** – easy clean, steriliser and dishwasher safe
- **BPA and BPS free** – safe for baby

Closer to Nature Breast-like Soother

0% BPA

Toddler feeding

★ DISHWASHER SAFE

☑ MICROWAVE SAFE

0% BPA

4⁺ STAGE 1 Discovery

447186

New SMUSHEE™ Food Catcher

A pre-spoon that eases introduction to feeding utensils

- **Ergonomic** - aids development of manual dexterity and the muscles in the hand
- **Grips foods without effort** - encourages independence and the transition to solid foods
- **Both sides the same** - no wrong way for baby to hold
- **Made with soft plastic** - super flexible & durable

447196

Weaning Spoons x5

Perfectly designed for babies who love the softness of a breast or bottle

- **Super-soft flexible base** - deposits the food gently onto baby's tongue
- **Soft and small tip** - for tender gums and tiny mouths
- **Long handles** - for reaching into jars and storage pots
- **Raised spoon design** - to keep germs away
- **Special handle design** - prevents spoon from sliding into the bowl

447188

Heat Sensing Spoons x4

Help your baby discover solid foods safely

- **Super-soft flexible base** - deposits the food gently onto baby's tongue
- **Soft and small tip** - for tender gums and tiny mouths
- **Long handles** - for reaching into jars and storage pots
- **Raised spoon design** - to keep germs away
- **Special handle design** - prevents spoon from sliding into the bowl
- **Baby Safe** - Changes colour if food is too hot

6⁺ STAGE 2 Development

447189

Feeding Spoons x5

Designed to develop self feeding and fine motor skills

- **Big chunky handles** - easy for toddlers to hold & control. Also aids development of fine motor skills
- **Deep & wide spoon base** - makes it easy to hold more food in place
- **Throw proof/drop proof/bite proof**

12⁺ STAGE 3 Independence

447187

First Cutlery Set

Let your little one feel up all grown up with real grown up cutlery

- **Big chunky handles** - easy for toddlers to hold & control. Also aids development of fine motor skills
- **Deep & wide spoon base** - makes it easy to hold more food in place
- **Throw proof/drop proof/bite proof**
- **Rounded fork & knife edge** - for safe self-feeding

twist & click ADVANCED NAPPY DISPOSAL SYSTEM

Bins and refills

The only bin that twists and wraps for unbeatable odour block

• Unbeatable protection against odours

The only nappy bin that twists and individually wraps each nappy so that unpleasant smells can't escape, even when the lid is opened – 100x more effective than using traditional nappy sacks

• Guaranteed protection against germs

Upon contact, the multi-layer anti-bacterial film kills 99% of all dangerous germs

• Space-saving

This nappy disposal system holds up to 30 nappies* meaning fewer trips to the outside bin. The flat lid opens against any wall, making it easy to position and use

• Stylish Design

Available in 4 on-trend colours (cotton white, mint green, gentle pink, cloud blue), this nappy bin is a stylish addition to any home which helps to keep your home tidy and odour free

NEW greener system

- New tub made from 98% recycled and recyclable plastic
- New bio-based anti-bacterial GREENFILM™ made from sustainably sourced sugarcane and 100% recyclable
- Cassettes' chassis made from 98% recycled plastic

for the
love of
sleep

Five little letters. One really big deal.

Did you know that new parents lose on average 44 days of sleep in the first year?

As a parent you'll do anything to help your baby sleep. You'll go to extraordinary lengths. Do ridiculous things. All so they can sleep a little safer, for a little longer. But it's not really all about them, is it? You might not admit it, but it's as much about your sleep as it is theirs. And you know what? We're not here to judge. We're on your side, and your secret's safe with us. Because when they sleep, you sleep. And when you both sleep, then we can sleep too. So everybody wins.

It's all... **for the love of sleep**

Discover Tommee Tippee's holistic approach to the sleep category - everything you need to make baby's nights safer and easier, because safer sleep is better sleep.

A range of products fit for each stage of baby's sleep journey

A practical, safe and quality design

A unique TOG system to keep baby comfortable in all seasons

All of our packaging gives detailed guidance on what to wear with our sleeping bags
Our **groegg²** will help to keep the nursery at the perfect temperature

NEW! Our Monde & Luxe ranges are now made from sustainable materials

BAMBOO-RICH FABRIC
Our sleep stages 2 & 3 now made with natural bamboo-rich outer

ALOEKIND™ LINING
Our ALOEKIND™ lining is infused with naturally soothing aloe vera, perfect for a comfortable night's sleep

ECO WADDING
Made from 100% recycled polyester

0-3m

easy swaddle

For arms in swaddling without the wrapping

Safely swaddle without any complicated wrapping with our **easy swaddle**. Swaddling your little one with arms close to their chest mimics the feeling babies had in the womb and reduces the startle reflex that causes baby to wake.

NIGHTLIGHTS & SLEEP ACCESSORIES

Penguin 2-in-1 Portable Nightlight

Your night-time friend that lights the way

- **Nursery night light** – This friendly Penguin looks perfect in your little one's bedroom giving a gentle dimmable light that won't disturb their sleep. Use from birth
- **Portable light** – as your child grows the glowing portable light is ideal for little hands to carry on bathroom visits or use to read in bed
- **Dimmable light** – you can control the glow on both the night light and the portable light
- **USB Rechargeable** – the portable light recharges on its Penguin base throughout the day and lasts up to 10 hours. The Penguin night light is powered by a mains power USB cable meaning no hunting around for batteries

GroEgg² Room Thermometer & Nightlight

- **Colour Changing Room Thermometer** – changes colour to indicate the temperature of the room so you can adapt your child's clothing or room environment accordingly
- **Nightlight** – 3 gentle adjustable nightlight levels
- **TOG system** – use with the Tommee Tippee Sleepwear range
- **USB rechargeable** – no batteries needed

Timekeeper Connected Sleep Trainer Clock

From the creators of the Groclock®

- **App-enabled sleep trainer** – teaches your child when it's time to sleep and when it's time to get out of bed
- **Customisable from your phone** – control music, colour, brightness and alarm settings from your phone
- **Plays soothing music** – choose from 5 beautiful lullabies and 5 types of white noise to help settle your child to sleep
- **Child lock** and power cut recovery mode
- **USB rechargeable** – no batteries needed

Sleepight Portable Blackout Blinds

Formerly named the gro anywhere blind

- Creates a **completely dark** environment
- Attaches to window with **suction cups**
- **Clever re-sizing system** – size can be reduced to around a third of its maximum size
- **Comes with handy travel bag** – weighs only 200g
- **Adapts to fit any window** – up a maximum of to 130 x 198 cm
